14. Whether AQAR was placed before statutory	Yes
body ?	

Name of Statutory Body	Meeting Date
Management Committee Meeting	18-Feb-2019
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	No
16. Whether institutional data submitted to AISHE:	Yes
Year of Submission	2020
Date of Submission	31-Jul-2020
17. Does the Institution have Management Information System ?	Yes
If yes, give a brief descripiton and a list of modules	1. Account section has two kinds of

. .	Modules: a) Pay module : Preparation, salary slips, salary volume of RIE, ceacher and nonteaching staffs are prepared and executed by this module b) See module: Fee payment and others students related payments scholarships, fellowships, hostel mess bills are transferred through this module. 2. Library: The Library Management Software being used in the Institute library is an Open Source Software hamed KOHA, which is working independently. This software has facility to keep records of books, journals and eresources, gives information about overdue books, books transactions details of students and faculty members, online catalogue prowsing (OPAC) facility, and many more. 3. Admissions: Admission in RIE is done through CEE (Common Entrance Examination) and after qualifying CEE,

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institute has a mechanism for well-planned curriculum delivery and documentation. Apart from the traditional teaching-learning methods of white board and lecturing method, institute lays great emphasis on curriculum delivery through practical and experiential learning. An academic calendar is prepared in advance by the academic department. Each department strives for effective curriculum delivery through theory, practical classes, tutorials, ICT integration, development of life skills, value education and other innovative methods for the holistic development of students. Extension lectures by eminent experts are routinely organized for the students in different fields. Internship and project work are also undertaken by the students to supplement learning. The students are encouraged to take up research on topics within the curriculum as well as on crosscutting issues and present research papers or presentations with recommendations to solutions. Critical thinking is encouraged through the various debates, role playing and class discussions. The curriculum is enhanced through conduct of projects and field trips giving insights beyond the syllabus. The institute arranges an array of co-curricular activities to enrich the curriculum. Many classrooms are ICT equipped. This provides opportunity for interactive classroom learning. The institute also has a multimedia library and subscribes to numerous journals so that both students and faculty members can keep abreast of changing trends in their respective subjects. Library is developed as a learning resource centre and also subscribe to E-journals, INFLIBNET. A record of the students using the numerous library facilities is maintained by the Deputy Librarian. The Principal conducts

regular meetings with all faculty members to ensure that curriculum is being delivered effectively. Regular interaction with teacher guardians of every class with the Principal ensures that lectures are delivered in time effectively. The responses gathered via the student feedback survey helps us to identify areas of improvement in curriculum delivery and evaluation methods. The progress of the students is maintained through internal tests, presentations and semester end exams. Ample opportunities are given for experiential learning through field-based experiences, internship, practicum, community service, role plays, games, case studies, simulation, virtual lab, presentations, projects, SCIENCE park, STEM maker space activities. Theatre pedagogy, art integrated learning are also given due importance in the curriculum. The institute collects the feedback from the faculty and students. The collected feedback is analysed using different parameters and the performance of the students, faculty and institution is assessed.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The institute is affiliated to Barkatullah University, Bhopal and follows the rules and guidelines of the university while conducting the examinations. The internal assessment schedule is announced to students and staff at the beginning of the semester through the institutes academic calendar. The institute prioritized and changed the examination system from teacher -cantered to student-cantered. The academic cell of the institute prepares a guide to complete the CIE as per the calendar of the institute. CIE consists of teacher evaluation, practical evaluations and Viva voce. Internal evaluation is carried out through the internal evaluation committee consisting of members of various departments, led by the chairperson of the committee. Internal assessment committee takes care of setting the question papers, conducting the exam, distributing the tasks and answer sheets to the examiners, announcing the results and sending the marks to the academic cell for further action. internal assessment question papers are prepared at the departmental level by the faculty teaching a particular subject. Question papers are checked thoroughly, defects are corrected. Students are informed in advance which part or parts will be tested in the internal assessment. We ensure that all units to be tested are taught in advance. 75 percent attendance is a prerequisite for all students to appear the examinations. Copies of assessments are shown to students to maintain transparency. After the evaluation and announcement of the results, the answers are also discussed in class. Students are offered counselling if they do not get good results in the internal examinations. Continuous assessment is a priority for all faculty through group discussions, assignments, field trips, seminars, presentations, projects and other classroom activities. Internal evaluation takes place twice a year, one at the end of each semester. The assessment schedule is announced well in advance to ensure transparency.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Before the start of the session or year, the staff and students are given access to the academic calendar of the institute, which is created at the beginning of the session or year. The academic schedule is presented on all department notice boards and made accessible online. The pupils receive the necessary information well in advance of the internal assessments scheduled date. The Institute plans all of its extracurricular, co-curricular, and academic activities according to the academic calendar in order to efficiently coordinate and carry out the teaching and learning process. The Ordinance and Course of Studies of the Institute specify the weighting of the grades as well as the course structure. Along with teachers, the pupils are informed about the ordinance. At the beginning of the school year, an orientation programme is organised, and the students are given information they need about the academic schedule and how exams will be administered. Faculty also makes it a priority to inform students about internal assessment at the departmental level. In addition to this, each department develops a plan at the departmental level that covers both teaching and co-curricular activities such workshops, conferences, seminars, projects, research activities, and guest lectures from professionals in both business and academia. Literary and cultural extracurricular activities are included in the academic schedule. The institution closely follows the academic schedule. The Institute operates on a semester system, and the academic calendar is essential to upholding the previously indicated timetables. In addition to this, students are knowledgeable about their curriculum, how various events are run, and how to prepare for internal and external exams, all of which assist them manage and prioritise their academic and extracurricular obligations and promote their overall growth.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

International programs, conferences, workshops and hand on sessions for teachers as well students are organized that enable them to update their knowledge in the field of computer technology. It helps students and teachers to learn and acquire new technology and skills to become more logical, creative and updated. The Institute library developed an e-library platform to provide access to the users to use its e-resources. Local Area Network (LAN) of the library got connected to the Institute network for wider dissemination of library services up to the level of hostels. For accessing library e-resources without cable connectivity Wi-Fi routers and access points were installed at various points of the library, Institute and hostels. E-resources like e-books, e-journals and databases from various vendors have been procured in the library, which are accessible 24X7. The users can have access to the eresources through the library website designed and developed on OSS platform Joomla. Multipurpose Ground: Physical Education Section maintenances, playgrounds regularly. Section has one Lawn mower and one Grass cutting machine for maintaining the grass in rainy season. Gymnasium: The servicing of all the gym equipments is done by the service engineer from Sports Shop on payment basis. Regular oiling etc. work is done by the section. Broken equipments are changed immediately. Physical Verification: Physical verification of both consumable and non-consumable items is done Annually by the committee constituted by the Institute. Laboratories: There are functional labs in all the Departments of the Institute. In the Department of Education in Social Science and Humanities there are lab in Geography with a lab Assistant and a state of art language lab. In the Department of Education there is a Psychology lab having a lab assistant and a lab attendant. In the Department of Education in Science and Mathematics there are three labs in Chemistry, one lab each in Zoology and Botany, two labs in Physics having a lab Assistant and a lab attendant. One lab in Mathematics with a lab attendant, one lab in Work Experience (Electrical and Agriculture). Annual lab requirements are fulfilled by acquiring equipment and materials both consumable and non-consumable in nature through Store section of the Institute. There is a provision of an impressed amount of 500 Rs to meet minor lab requirements. Physical verification of both consumable and non-consumable items is done Annually by the committee constituted by the Institute annually and through this exercise there is provision for write off for the equipment which is no more in use. Equipment failure issues are addressed by the lab assistant at the local level and services of external agencies are also sought in case of major failure of expensive equipment.

5.3.2 – Activity of Student Council & amp; representation of students on academic & amp; administrative bodies/committees of the institution (maximum 500 words)

Students have active representation on academic and administrative bodies and committees of the Institute. Different activities to promote leadership values, cultural, literary scientific and sport values different houses are constituted yearly. Elections are conducted to select the Captain, Vice-Captain, and Secretary of each house work under the guidance of the House Advisor who is the faculty of the institute. The cultural, literary scientific and sport activities are conducted yearly and students help in organization and management of events. Students provide strong support in the administration and management of hostel affairs. Each hostel has a Chief Prefect, Assistant Chief Prefect, Mess Committee, Cultural Committee, Sports Committee and Cleanliness Committee. Students help in functioning of the mess and organize extracurricular events and competitions throughout the year. Students participate, and celebrate the National Teachers Day, on Sept. 5, every year by honouring retired teachers and presenting cultural programme, and also in several days of national importance like Birth anniversary of Mahatama Gandhi and Lal Bahadur Shastri, National Unity Day, National Education day, National Youth Day, International Mother Tongue Day, National Science Day and International Women's Day. Several activities like essay writing competition, slogan writing competition, organization of lectures/talks (both in online and offline mode), poster making, poetical recitation/story writing competitions were conducted for the students of RIE Bhopal. Students actively participated in the events. Apart from this extension lectures were also organized on different themes for the faculty and students of RIE Bhopal. These lectures promoted interaction between different experts and students. The National Cadet Corps (NCC) is encouraged in the institute aiming at the development of leadership, character, comradeship, spirit of sportsmanship and the ideal of service, among the youth. NSS is also encouraged in the institute enabling the student to participate in service activities like organizing blood donation, rural health sanitation, adult education, and environmental awareness camps in the neighbouring areas as a social responsibility.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The Regional Institute of Education, NCERT, Bhopal alumni association registered in the name of Regional Old Students Welfare (ROSS) on 02/05/2011 vide registration number 01/01/01/23341/11 under M.P. Society Act 1973 (1973 Sr.No.44). The Regional Old Students Welfare Society (ROSS) association, Bhopal has presently 248 students enrolled from batch of 1964-68 to 2019-20. The former students of Regional Institute of Education during interactions mentioned that they are posted in various positions and achieved land marks in their professional careers. They are employed as Teachers and Principals in Government Schools such as Kendriya Vidhyalaya (KV), Navodaya Vidhyalaya (NV) and prestigious private sector schools, Professors in Higher Educational Institutions, and few of them are posted at higher ranks such as Director of Maharshi Vidyamandir and Director General in Doordarshan, whereas some of them are Bank Managers in different Banks, Indian Administrative services, Defence Services (One alumni was posted as Addl. Director General, Border Security Force), various posts in IT sectors etc. The valedictorians are also currently settled in different parts of the country and outside the country in different

prestigious posts. Time to time some alumni also participated as a resource persons in the institute training, workshop, seminar etc. activities. Alumni also published a book named Punnarva. Under this, they illustrated the alumni biopic with their hobbies related activities. In this year on 26/01/2020, alumni participated in the Republic Day activity with RIE students. The local alumni frequently visiting the institute and participating the different activities organised by the institute.

5.4.2 - No. of enrolled Alumni:

248

5.4.3 - Alumni contribution during the year (in Rupees) :

0

5.4.4 - Meetings/activities organized by Alumni Association :

Interaction with RIE present students on various issues

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Principal->1. Dean (Instruction) 2. Dean Research-> 1. Chief Advisor Student's Council 2. Asst. Advisor Students Council ->Chief Advisor Student's Council -> House Advisors: Literary, Scientific, Cultural, Sports Activities-> Captain, Vice Captain, Secretary: Literary, Scientific, Cultural, Sports RIE Bhopal, aims at the holistic development of student's personality. For, achieving the same, students can explore a plethora of interests in the field of sports, culture, science and literature. Various events such as dance, debating, quiz, poster making, pot decoration, basketball matches and the like are conducted throughout the session for the students in the institute. Besides these activities, for students are also conducted to mark special occasions and days such as various Jayanti's, Mathematics day, Population day and van Mahotsav to name a few. During these activities various events and competitions are organized for students to showcase their creativity and talent. These activities are planned under the chairpersonship of the Principal. Faculty who discharge various responsibilities of Chief student advisor , Assistant Chief Advisor, advisors of Literary, Scientific, Sports and Cultural activities and House advisors along with Student council members i.e. Captains and Vice-Captains of various houses and various activities , actively participate in the discussions and in finalizing the themes and other details for conducting these activities. The active involvement of students in planning and execution of these activities ensures transparency and students' involvement in institutional activities. It also gives them a fair chance to voice their opinion, aspirations and come up with innovative ideas for conducting these activities. Students get hands- on experience in leadership and in effective planning and management through the entire exercise. These activities also help them in building their social skills, developing self- esteem, developing problem-solving, reasoning, critical thinking, creative thinking, communication and collaborative abilities. Another example of decentralization and participative management can be seen in the Hostel management . Principal->Dean->Chief Warden->Wardens->Chief Prefect->Ass. Chief Prefect->Senior Disciplin, Mess, Cultural, Sports, Medical, Newspaper In-charge

6.1.2 – Does the institution have a Management Information System (MIS)?

· · · · · · ·	e institution for each of the following (with in 100 words
Strategy Type	Details
Curriculum Development	Certificate Program in Pedagogy Mathematics has been implemented si 2017.
Teaching and Learning	1. Faculty experiments and implem new teaching strategies and methods improve academic outcomes. 2. There a shift from being teachers to be facilitators in the teaching learn process. Student- centric pedagogy used for ensuring engaging classes. Art integrated teaching learning processes are emphasised upon. For example in history students have m models. 4. Transformative pedagogy used for sensitizing learners towa respect for multiculturalism, gend equity, sustainable development a Human rights education. 5. ICT i integrated in the teaching-learning process. Latest technology like sm boards is used in the teaching- learning process. 6. Students ar encouraged for co-operative learnin and peer- learning. 7. Tutorials ar remedials are regularly undertaken. Pedagogy based on discovery and inquiries are used in teaching learning. 9. Students practice rese based learning and encouraged to w papers and present them in Nation seminars.
Examination and Evaluation	 Internal tests are regularly conducted in theory and practica subjects. 2. External tests are conducted in theory and practical all subjects. 3. Continuous and comprehensive evaluation is practi- where students are assessed throu- presentations, projects, models, assignments, debates, discussions presentation through drama.
Research and Development	1. As Regional Institute of Education, Bhopal caters to the educational needs of the western re of India, the faculty at RIE Bhop takes up various research programs understand the needs of the state, understand the challenges faced h students and teachers in learnin different subjects at different lev Research programs are also underta by the faculty as a follow up of

1	trainings imparted to understand the
	<pre>trainings imparted to understand the effectiveness of the training programs and to improve them in future. For example a research program entitled "A study to assess the understanding of Social Science Concepts at secondary level in M. P "was undertaken. Based on the research outcome a training package in content and pedagogy of social sciences was developed. The package was used for training Key resource persons of SCERT's of western region. Thus, Research and development are a regular feature at RIE which stands committed to handholding the States of the western region for quality improvement in schools and for their various educational requirements. 2. Various developmental programs for developing innovative modules are taken up by the faculty of all departments Training packages are also developed as per the request from SCERT's for imparting training to the teachers. For Example: A package on Low cost- no cost teaching aids in English and Science was prepared and training was imparted to the teachers. 3. Orientation of faculty is done on action research and many faculty members carry out action research. 4. There are Ph. D. scholars enrolled under various faculty members. Pre- Ph.D. presentations are made in the academic forum and feedback obtained in order to enhance the quality of the research work. 5. There</pre>
	is a research cell for facilitating Ph. D. scholars and junior Project fellows who work under different program coordinators on different research areas.
Library, ICT and Physical Infrastructure / Instrumentation	1. The e-library of the Institute has a rich collection of subject books (e- books), journals (on-line journals), Open Education Resources (OER), electronic Databases, Institutional Repository (IR) collection, magazines and newspapers. 2. The library is member of national and International Library Networks and Consortiums, like, INFLIBNET, DELNET, N-List, etc. 3. The library has initiated the Institutional Repository for digitization of Institute Publications. 4. Computers have been made available for students to access e- resources. 5. There are
	two fully functional ICT labs with 40 pcs each. 6. There are well equipped

	Language , Geography, Psychology ,Math, Physics, Chemistry, Botany and Zoology lab. 7. Well-equipped Gym is also available.
Human Resource Management	The Principal and Heads of Department ensure active participation of all faculty members in all spheres of Institutional activities. The Administrative officer under the Principal, delegates responsibilities among the subordinates and ensures smooth, effective and efficient, running of Institutional work.
Industry Interaction / Collaboration	1. RIE Bhopal is a premier teacher training Institute. It hence collaborates with various Kendriya Vidyalayas, Navodayas and State Government schools for placing students during the internship programs. 2. The institute also collaborates with various schools and SCERT's of Maharashtra, Goa, M.P, Gujarat, Chhattisgarh, Daman, Diu and Dadar and Nagar Haveli, for conducting research and training in areas of school life for in- service teachers. 3. Many teacher development trainings are provided to private schools as well by the Faculty of RIE, Bhopal. 4. Many field trips are organized to various institutions and industries as a part of the Guidance and counselling program. 5. Many field trips are organized to various institutions and industries as a part of the Guidance and counselling program
Admission of Students	 Admissions to various courses are given on the basis of merit. 2. There is an open Common Entrance examination conducted for admission to various courses, by NCERT at National level. 3. The norms of government of India are followed in giving reservations to the students at the time of admission.
6.2.2 – Implementation of e-governance in areas of opera	itions:
E-governace area	Details

E-governace area	Details			
Planning and Development	Digital survey of model infrastructure and finalization of Detailed Project Report (DPR) after comprehensive survey.			
Administration	Making effort of e-attendance for staff students and executing leave management system along with file management.			

Finance and Accounts	All account work is carried on electronic mode.
Student Admission and Support	1. Students apply online for Common Entrance Examination at cee.ncert.gov. They can download their admit cards and check results. All important information is available on RIE official website for students to access. 2. Attendance is carried on through RIE attendance app which students can check anytime. 3. WhatsApp group have been created by various teacher guardians and wardens for speedy circulation of information. 4. Provision of E- Library has been made which makes all learning resources available to the students which they can access from anywhere round the clock.
Examination	 Examination schedule is available on RIE website. 2. Exam forms are filled through online mode.

6.3 – Faculty Empowerment Strategies

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

 Residential students are not allowed to keep vehicle inside the campus Developing gardens in hostels and institute - Tree plantation drive conducted in different events - Green committee set up by institute - Two parks development process started through Green Committee - Single-use Plastic free campus - Institute organised cleaning drive with the help of faculty and students - Motor cycles/scooters and four wheelers are not allowed to be kept by students in the hostel premises.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Theatre Pedagogy Theatre is the oldest art form it is as old as human civilization itself. There is one thing common in both teacher and theatre artist, that is communication. Both have to communicate some ideas or concepts to others. Theatre artists have wider areas, they communicate any thing from their experiences, feeling and ideas. NCF-2005, especially constructivist approach of teaching learning has created many challenges for the teachers to perform in a better way, if teachers are trained in theatre, they will have a broader scope of teaching with constructivist approach. Theatre is an integral part of Arts Education it provides a fair experience of different Indian fine arts. Teachers trained in theatre will also be able to integrate arts in their subject teachings and they will be able to provide a better teaching learning environment, including teaching adds. After the completion of this training will be very useful. It will help them in personality development, speech

therapy, psychological observation, removing audience fear, etc. The basic objectives are theatre pedagogy workshop was • To train pre-service teachers of RIE-Bhopal with Indian Arts and Culture through Theatre. • To train pre-service teachers to use theatre's experience in teaching learning. • To orient trainee teachers with exercises, related to personality development, speech therapy, psychological observation, removing audience fear, etc. • As an outcome of the

workshop a play will be prepared and performed through that pre-service teachers will get the real feel of modern Indian theatre. For achieving the above objectives following methodology was adopted- a. Theatre experts will be

invited coordinator as well as expert together will conduct the 10-day workshop. Workshop will be conducted from 4.00 pm to 8.00 pm. So that their class may affect minimum, on Saturday and Sunday it will be held on the full day basis. b. Training related to different departments of theatre such as

Music, light and sound designing, set preparation, costume selection/preparation and makeup will also be given. c. Two separate workshops will be conducted first for B.A., B.Ed V Sem and B.Ed. M.Ed. integrated course

and Second for B.Sc. B.Ed VI Sem both Biological and Physical batches. Following outcomes was Expected though this programme. i. To train pre-service teachers of RIE-Bhopal with Indian Arts and Culture through Theatre. As an outcome of the workshop a play will be prepared and performed through those preservice teachers will get the real feel of traditional and modern Indian theatre(NEP-2020) 1. E-library of RIE, Bhopal Introduction Quality collection, quality of services, ICT integration, benchmarks and best practices adopted by the academic libraries are the main concerns of NAAC. Best practices improve users' maximum utilization of the library resources and quality of library services. In addition to the routine activities some best practices can be adopted and persistently practised in the academic libraries for the quality enhancement. RIE Bhopal Library has been constantly exploring innovative methods to meet users information needs by improving efficiency and simplifying work processes through digital technologies. E-Library of RIE, Bhopal Digital library of the Institute was established in the year 2012 and continuously growing with the collection of e-resources like: e-books, on-line journals, databases, Open Access materials, etc. for the students with the intension of learning at their own convenience. Students can have access and read the library digital materials in various digital format (e-Books, audio-books, videos, etc. on demand 24X7) anytime and anywhere using their preferred devices. Objective of the Best Practice The primary objectives of establishing the e-Library are to: i. Enable library to manage very large amounts of digital data ii. Preserve unique collections iii. Provide faster access to information iv. Facilitate dealing with data from more than one location v. Enhance distributed learning environments E-Library System and Services: The e-library of the Institute provides various services to users with the existing hardware, software, Internet and local network platforms available in the Institute library system. The e-Library comprises of the components like: 1. One High-end Server 2. LIBSYS open source software for library automation 3. Subscription of e-books, on-line journals, databases, OA materials, etc. 4. On campus access to users to use e-resources 5. Library website on Wordpress OS platform for single point access to e-resources 6. Use of Open Source Software (OSS) in different operations Outcome of the Best Practice: Prolonged use of technologies experienced to say that the innovative ways of using digital technologies increases the quality of services, sets benchmark and ultimately brings elevation in the image of the library among the user community. In time to come, the digital library best practice will definitely help the Institute library motivating to meet the information requirements of users in best possible way. e-library weblink :- https://riebhopallibrary.joomla.com/

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

8. Future Plans of Actions for Next Academic Year

PLAN FOR THE YEAR 2020-21 The institute in an unbroken continuum, plans for the development of the institute every year. For the year 2020-21, the institute proposes following development plan in various aspects of the institute: ? Working for the upgradation of the infrastructural facilities as an on-going process ? Devising innovative teacher education programmes in the light of draft National Education Policy ? Upgrading and updating learning resources to meet 21 st century educational needs However, before spelling out the future plan for the year 2020-21, it is desirable to take the stock of the progress of the proposed plan for the year 2019-20. The brief progress of the last year plan is given below. As planned, the institute has: ? As on ongoing process two more classrooms were created ? Installed table tennis facility in all the hostels, namely Shanti Niketan, Vinay Niketan, Vidya Niketan and Keerti Niketan ? the construction of 120-seater new hostel for the students has taken a momentum ? New structures were added to STEAM park that enhanced the educability of the park ? Many art pieces were developed in workshop mode reflecting primarily tribal art forms of western region ? New software is added to Studio for the production of e-content multiple e- content material was produced in the studio and sent for national competitions. ? Atal Tinkering Lab (ATL) was made operational ? Certificate course in Mathematics was started for school teachers as in service programme ? Automation process of Library services has taken momentum creation of infrastructural facilities was begun. ? Started developing the syllabus for M. Sc

M. Ed and M. A M. Ed programmes Having taken the progress of the last year plan mentioned above, and keeping in view the continuous nature of development, the plan for the year 2020-21 proposes the following. ? Completing and consolidating the work that was started in the preceding years. ? Create at least two more classrooms ? Create more play grounds- shuttle, Kabaddi and table tennis- in the campus and in the hostels ? Expediating the construction of new hostel for students ? Add new structures to STEAM park ? Create Arts center for the benefit of prospective teachers to train in art integrated pedagogy ? Adding new software in Language laboratory ? Strengthening studio with necessary software facilities for the e-content development ? Completing the establishment of of Atal Tinkering Lab (ATL) in the Demonstration Multi-purpose School (DMS). ? Completion of the Syllabus of Post-graduation courses -M A M. Ed and M. Sc M. Ed programmes ? Improving the e-library facilities ? Working for the execution of Radio Frequency Identification (RFID) system that helps in stock verification, smart shelving, book tracing and other activities. ? Strengthening institutional digital repository for on-line availability of institutional publications
