

## Institutional Academic Meeting

Academic of Korean Studies (AKS) and NCERT has MOU signed in the field of School Education including Vocational Education and Training (VET). Korean Research Institute of Vocational Education and Training (KRIVET) is helping Demonstration Multipurpose School, Bhopal in the field of Beauty & Wellness and Mechatronics VET. In this regard, LS Chauhan (Assistant Prof.,RIE, Bhopal) and Shashikant Wanjari (WET, DM School, Bhopal) visited Republic of South Korea for observing VET of S. Korea. Korean experience may be helpful in school VET under following heads.

- After class eighth, students may peruse general education or vocational education upto class twelfth.
- Vocational education in the school is very regrouse and in depth, ensuring employment.
- Selection criteria for the selection of teachers is very tough ensuring quality people engaged in teaching and henceforth teaching is a high paid job in S. Korea.
- 95% of Koreans have exposure to vocational Education.
- VET in South Korea have strong Industry – Institute partnership which is beneficial to both the parties. Industry tailored curriculum is functional in the Institutes and Industry helps in the infrastructural requirements of the Institute.
- Apprenticeship and campus placement programs are excellent.
- South Korea became export oriented country due to dominant share of manufacturing sector in its GDP, which is possible due to sound VET.
- Meduim of instruction is in Korean.
